

Dear Calvin,

At the time I attended your seminar, I had a completed corporation sole which was to be filed shortly thereafter. However, after your presentation, I elected to disregard it and replace it with your corporation sole.

Your explanation of the sole corporation, its history, and its maintenance was well informed, yet easy to understand--even for a lay person. I applaud your knowledge and your detailed research on the material.

Thank you for conducting the "corporation sole" seminar, it was very informative, offered a lot of clarity, and was definitely a wise investment. I believe your seminar is invaluable to anyone who is in search of being free to conduct their affairs. Please continue to spreading the Knowledge.

Namasti,

Ericka
